STAGE 3 THE BUNKER

After finding the exit to the tunnels, you find yourself in a foxhole at night. You are tired and unsure of the territory, so you decide to rest until the base camp assures you the coast is clear.

Unfortunately a group of guerillas is closing in and will attack if they see you. With your M-16 rifle and flares you must carefully launch flares and shoot enemies. Be careful not to shoot all the enemies you see because your rifle muzzle flash will give your location to other enemies.
