## OBJECT OF THE GAME/GAME DESCRIPTION

Enjoy two player wrestling action, or play one player against the computer. Choose your wrestler from a list of six tough characters. Each opponent has his own strengths, weaknesses, and special trick moves. Whether climbing the ropes for a crushing kneedrop, or flying over the ropes for some out-of-ring trickery, the challenge of Pro Wrestling action never stops.

Please read this instruction booklet to ensure proper handling of your new game, and then save the booklet for future reference.

## ■ 1 Player Game

### Rules

1. The 1 player game is a 5-minute single match play against the computer.
  2. The player starts with a 5th place ranking. Your ranking goes up each time you win a match and down each time you lose. If you drop to 6th place, the game is over.
  3. When you reach 1st place ranking, you'll fight a title match with a Video Wrestling Association (VWA) champion. If you win, you become VWA champion. If you lose, your ranking drops to 2nd place.
- \* King Slender is usually VWA champion at the start of each game, but if the player selects King Slender as their wrestler, Giant Panther becomes the VWA champion.

4. Once you become VWA champion, you have to defend your title. If you defend it successfully 10 times in a row, you have to fight a title match with the Video Wrestling Federation (VWF) champion, Great Puma.
  5. If you lose the VWA title match, you're allowed one return match. If you win, you regain VWA championship. But if you lose the return match, your ranking goes down to 2nd place and the game is over.
- \* If both wrestlers are downed outside the ring or the game ends in a draw, you lose.

## ■ 2 Player Game

The 2 player game is a two-out-of-three fall match with no time limit. The first wrestler to pin his opponent twice wins.

### VWA, VWF Rules

- If you're outside the ring for a count of 20, you lose.
- If you stand on the top rope for a count of 5, you lose by penalty.
