DATA EAST BRINGS YOU ARCADE REALISM AT HOME!

You are challenged to match the awesome skills of your opponents . . . to gain the Title in the World Super Championships of Tag Team Wrestling! Teamwork and stamina are the keys, as you and your partner battle your way through the Title Matches on your quest for the Belt. Attack your opponents with Body Slams, Drop Kicks, Backbreakers, Flying Head Butts, or even throwing them out of the ring! To win, it's a pin for a count of three. Nothing can match the super excitement as the crowd cheers over this mania on the mat. Prepare yourself for Tag Team Wrestling!

Please read this instruction booklet to ensure proper handling of your new game, and then save the booklet for future reference.

1. PRECAUTIONS

- 1) Always turn the power off before inserting or removing the Game Pak from your Nintendo Entertainment System.
- 2) This is a high precision game. It should not be stored in places that are very hot or cold. Never hit it or drop it. Do not take it apart.
- 3) Avoid touching the connectors, do not get them wet or dirty. Doing so may damage the game.
- 4) Do not clean with benzene, paint thinner, alcohol or other such solvents.

+ Control Pad

Moves wrestler in the ring.

A button: Punch and execute selected move.

B button: Select move.

Press the **A button** to punch and grab your opponent. Once you have grabbed your opponent, a move will appear on the screen. Quickly select through the moves using the **B button**, then execute the selected move by pressing the **A button**.

SELECT button

When this button is pressed, the mark (▷) will move between “1 player” and “2 players.”

START button

Press this button to begin.

Pause:

If you wish to interrupt play in the middle of a game, press the START button. The pause tone will sound and the game will stop. Press the START button again when you wish to continue playing. The game will continue from where you left off.

3. HOW TO PLAY

Winning the Title

Advance your way through the Title Matches.

- Win 3 matches to be the American Champion.
- Win 8 matches to be the European Champion.
- Win 15 matches to be the World Champion.
- Win 25 matches to be the Super Champion.

The size of the trophy increases as the Championship Matches advance in rank.

When a match is lost while progressing in rank, the next match begins one rank lower.

Pinning

When a move is properly executed, and the opponent goes down on the mat, win by pinning him for a count of three.

If you are pinned, keep pressing the **B button** to regain your energy until you revive enough to stand up again.

Defensive Tactics

Watch your **Energy Meter**, and if your energy is getting too low, run to the corner and tag your partner using the **B button**.

If you get caught in a hold that you cannot get out of, press the **A button** to have your partner's help.

Outside of the ring, weapons may appear that can be picked up to use against your opponent. Be careful not to be counted out of the ring for more than 20 seconds, or you'll be disqualified.

Win the match with a pin or when the opponent gives up.

PLAYER ONE: Ricky Fighters

These are the good guys. They perform wonders when working in pairs, but become weak when they work alone.

Ricky

Ultramachine

PLAYER TWO: Strong Bads

These are the bad guys. Great teamworkers, and they do better as the match goes on. They get angry and red in the face when their opponents avoid a fight.

COMPLIANCE WITH FCC REGULATIONS

This equipment generates and uses radio frequency energy and if not installed and used properly, that is, in strict accordance with the manufacturer's instructions, may cause interference to radio and television reception. It has been type tested and found to comply with the limits for a Class B computing device in accordance with the specifications in Subpart J of Part 15 of FCC Rules, which are designed to provide reasonable protection against such interference in a residential installation. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient the receiving antenna
- Relocate the NES with respect to the receiver
- Move the NES away from the receiver
- Plug the NES into a different outlet so that computer and receiver are on different circuits.

If necessary, the user should consult the dealer or an experienced radio/television technician for additional suggestions. The user may find the following booklet prepared by the Federal Communications Commission helpful:

How to Identify and Resolve Radio-TV Interference Problems.

This booklet is available from the U.S. Government Printing Office, Washington D.C. 20402, Stock No. 004-000-00345-4.
